General Department  
for Research, Writing & Translation**

Upon your request concerning reviewing the books related to the  
Technology of Study as developed by L. Ron Hubbard:

**Basic Study Manual  
Learning How to Learn  
Study Skills for Life  
How to Use a Dictionary - Picture Book for Children  
authored by  
L. Ron Hubbard  
in English and Arabic language,**

we have the pleasure to inform you that in our review we find that the  
above mentioned books are helpful for the improvement of learning skills.  
All above titles are pertaining to an educational method called Technology of  
Study, which has the purpose of solving problems of students of any subject.  
These books do not comprise any religious ideas or preachings. We have no  
objection to put them in publishing and circulation.

Thank you,  
General Manager

Upon your request concerning reviewing the book entitled:

**The Way to Happiness  
authored by**

**L. Ron Hubbard**

in English and Arabic language,

we have the pleasure to inform you that in our review we find that this book contains suitable information about moral and ethics values and is instructional for moral living. The book does not comprise any religious ideas or preachings. Thus we have no objection to put it in publishing and circulating to help the reader to increase his motivation to live according to the good moral values.

Thank you,  
General Manager
